

## Developer II

Gig Werks is a rapidly growing Microsoft Gold Partner based in the waterfront of Yonkers, N.Y. -- just steps away from the Metro-North train station. We are a boutique shop, working primarily in the hot field of SharePoint 2010 and the Microsoft stack of application and business platforms. We are looking for creative problem-solvers who enjoy the artful aspects of solution design and who possess the sharply honed technical skills required to guide and execute implementation. Our ideal candidate possesses a unique mix of technical experience, professional communication and writing skills. These qualities work together to help the candidate fill a key role in building enterprise-class business solutions for a wide variety of high-profile clients in industries ranging from architecture and engineering, to finance and insurance, to retail and consumer goods. Gig Werks offers a dynamic environment, excellent growth and educational potential, and a first-rate benefits package.
