## **PRESS RELEASE**

FOR IMMEDIATE RELEASE:

### **Gig Werks and CADtoWIN partner to offer advanced Solutions in CAD and SharePoint Integration.**

**NEW YORK – February 1<sup>st</sup>, 2013** - [Gig Werks](#) has recently partnered with [CADtoWIN](#) to offer advanced SharePoint solutions in CAD and SharePoint Integration.

This partnership allows Gig Werks to continue to expand on the high impact, high value solutions it delivers to its clients, especially those firms in the AEC (Architecture, Engineering, & Construction) and industries who use CAD (Computer Aided Design) files regularly. CADtoWIN's product enhances Gig Werks' services offering around SharePoint and has enormous potential for both firms and its clients, especially those looking to address CAD files organization and collaboration issues.

Joe Giegerich, President of Gig Werks, commented "The CADtoWIN product offers immediate impact and potential benefit to a number of our clients, especially those in the AEC. Traditionally, Gig Werks has understood the power of strategic relationships with key technology partners. Our partnership with CADtoWIN will be among the most beneficial yet."

#### **About Gig Werks**

Gig Werks is an Award Winning SharePoint solution provider with certified expertise across all aspects of SharePoint. Gig Werks understands the true value of SharePoint is delivered through an architecture where the entire feature set works together. While each area of functionality is powerful on its own, the true power of the platform is realized when experts with deep knowledge of the entire product set develop a comprehensive customer solution – where the whole is greater than the sum of its parts. Gig Werks provides clients with secure, connected solutions that streamline business processes and yield maximum returns on investment.
