PRESS RELEASE

FOR IMMEDIATE RELEASE:

Gig Werks and Sharegate partner to offer advanced Management Solutions for Office 365 & SharePoint

NEW YORK – July 24, 2015 - [Gig Werks](#) partners with [Sharegate](#) to offer advanced migration, security and reporting solutions for SharePoint and Office 365. This partnership allows Gig Werks to continue to expand on the high impact, high value solutions it delivers to its clients.

With Office 365 becoming more widely adopted, along with the recent release of Gig Werks new SharePoint ProjectReady applications for Facilities Management & the AEC; being able to get clients to the cloud is increasingly important especially considering the amount of data typically found within these industries. With Sharegate, our clients can easily and cost effectively get migrated while ensuring their data is secure, available and governed.

Joe Giegerich, President of Gig Werks remarked, “Partnering with Sharegate offers immediate impact and benefit to a number of our clients, particularly those looking to move to Office 365. With Gig Werks new ProjectReady Applications, having a solution that quickly gets our clients to the cloud is essential. Gig Werks is excited for the potential of this partnership and bringing the Sharegate product to market”

Sharegate’s CEO, Simon De Baene commented, “Gig Werks keeps innovating in everything they do. Their new ProjectReady Applications are a perfect example of this. Our partnership came as no surprise, as we share the same focus on quality and delivering valuable solutions for our clients to empower them in their SharePoint and Office 365 projects. Great things will come out of this partnership”.
