PRESS RELEASE

FOR IMMEDIATE RELEASE:

Gig Werks Wins Microsoft's 2010 Partner Technical Excellence Award

Microsoft announces Gig Werks as the winner of the Area Partner Technical Excellence Award

July 2010, New York, NY – Microsoft recently announced that Gig Werks are the winners of the Partner Technical Excellence Award. The award recognizes a partner with advanced Microsoft specialization that has demonstrated technical leadership and drove significant impact for customers, building solutions on the Microsoft stack with the understanding of interoperability, integration, and consistent technical architecture. Gig Werks was chosen amongst all the partners in the NY/NJ area due to the exemplary work done for clients over the last year and in recognition of the organizations highly developed and skilled staff.

Joe Giegerich, President of Gig Werks, had this to say about the award:

“Microsoft’s recognition of Gig Werks technical excellence was profoundly gratifying. As a boutique company we take great pride in the excellence of the work we produce and invest heavily in the quality of our staff and ongoing training (<http://bit.ly/cARYwD>). Being up against 12,000 partners in Microsoft’s most competitive market - standing out amongst our peers is even more significant for our company and a testimony to the hard work and dedication of all our staff.”

The Award was presented at the 2010 Microsoft Worldwide Partner Conference in Washington, DC. Gig Werks is very excited to be recognized by Microsoft and looks forward to bringing their “Technical Excellence” to all current and future clients over the coming year.

“The achievements highlighted by these partners demonstrates their abilities to create and deliver innovative products and solutions to local customers,” said Jack Braman, vice president for Microsoft's Small and Mid-market Solutions and Partners (SMS&P) in the East region. “Microsoft is pleased to acknowledge and honor these organizations, and we recognize their strength in driving innovation and success for businesses in the region.”
