SharePoint Adoption & Success

User Adoption is Essential for any solution to succeed with numerous factors driving the adoption of SharePoint including:

- **The User Experience & Interface**
 - Home Page
 - Something for everyone
 - Department Sites & Dashboards
 - Something for CXO's
 - Search
 - Templates
 - Work with programs already comfortable with:
 - Office (Word, Outlook, Excel, etc)
- **Information Architecture**
 - Governance
 - Navigation
 - Search
- **Employee Training**

User Experience & User Adoption

- User Adoption is key to the success of any initiative.
- Without a great User Experience, users are unlikely to adopt solutions, or they'll use it unwillingly.
- Enhancing the user experience drives adoption by making systems more intuitive, easier to use & easier to navigate

Gig Werks Site & UX Expertise

Whether building an extranet, intranet or internet site, Gig Werks design skills & knowledge of the best technology in the market can transform your site to an intuitive user experience that drives adoption throughout the enterprise
